				6	Amendment to Articles of Incorporation to Provide that the Number of Directors be Determined by the Board from Time to Time	For	Against	Concerns about overall board structure. It could have an adverse impact on shareholders' rights. Approval of this item effectively eliminates the upper bound and lower bound restrictions on the range for board size giving management the ability to alter the size of the board outside of a specified range without shareholder approval. The unbounded limits make it easier for management to consolidate its power by appointing directors who are friendly to management or could facilitate a management effort to block a dissident shareholder or acquirer from gaining control of the board in contested director elections.

The administrators of the plan may grant restricted shares in exchange for unvested stock options from the stock option plan approved at the Sept. 18, 2015 EGM. Beneficiaries must accept the terms of the restricted share plan and waive the right to their stock options. While the plan calls for unvested restricted shares to be cancelled when a beneficiary's employment is terminated, the board has the discretion to give differential treatment to certain participants.

The board's action to exclude a non-binding shareholder proposal that would have requested a lower ownership threshold raises significant concern. Moreover, a lower ownership threshold to call a special meeting would facilitate use of the right by groups of institutional shareholders, and the current bylaw provisions place material restrictions on the timing and the subject matter that can be raised at special meetings.

				3	Approve Remuneration Report	For	Against	Concerns about linkage between pay and performance. The Remuneration Committee has agreed, in light of the new fleet of optimisation strategy, to amend the performance conditions attached to the Executive Performance Share Plan (EPSP) awards granted in 2016 and 2017 resulting in these EPSP awards being subject to TSR targets only to "remove the impact of the change in business strategy." Although the Committee's explanation is noted, the justification provided is not considered sufficient for the amendment of the performance targets in the middle of the performance periods. CEO Kevin Bradshaw has been granted a 10.3 percent increase in salary for FY2018/19, which also resulted in a significant increase in his total potential remuneration given that short and long term incentives are granted as a multiple of basic salary.
