This presentation may contain certain "forward-looking statements" with respect to the financial condition, performance, results, strategy, objectives, plans, goals and expectations of Standard Life Aberdeen plc ("Standard Life Aberdeen") and its affiliates. These forward-looking statements can be identified by the fact that they do not relate only to historical or current facts. Forward-looking statements are prospective in nature and are not based on historical facts, but rather on current expectations and projections of the management of Standard Life Aberdeen about future events, and are therefore subject to risks and uncertainties which could cause actual results to differ materially from the future results expressed or implied by the forward-looking statements. For example, statements containing words such as "may", "will", "should", "could", "continue", "aims", "estimates", "projects", "intends", "expects", "hopes", "plans", "pursues", "seeks", "targets" and "anticipates", and words of similar meaning, may be forward-looking. These statements are based on assumptions and assessments made by Standard Life Aberdeen in light of its experience and its perception of historical trends, current conditions, future developments and other factors it believes appropriate. By their nature. all forward-looking statements involve risk and uncertainty because they are based on information available at the time they are made, including current expectations and assumptions, and relate to future events and depend on circumstances which may be or are beyond Standard Life Aberdeen's control, including among other things: UK domestic and global political, economic and business conditions (such as the United Kingdom's exit from the European Union); market related risks such as fluctuations in interest rates and exchange rates, and the performance of financial markets generally; the impact of inflation and deflation; experience in particular with regard to mortality and morbidity trends, lapse rates and policy renewal rates; the impact of competition; the timing, impact and other uncertainties associated with future acquisitions, disposals or combinations undertaken by Standard Life Aberdeen or its affiliates and/or within relevant industries; the value of and earnings from Standard Life Aberdeen's strategic investments and ongoing commercial relationships (including the value of and earnings from the enhanced strategic partnership between Standard Life Aberdeen and Phoenix); default by counterparties; information technology or data security breaches; natural or man-made catastrophic events; the failure to attract or retain necessary key personnel; the policies and actions of regulatory authorities; and the impact of changes in capital, solvency or accounting standards, and tax and other legislation and regulations (including changes to the regulatory capital reguirements that Standard Life Aberdeen is subject to) in the jurisdictions in which Standard Life Aberdeen and its affiliates operate. These may for example result in changes to assumptions used for determining results of operations or re-estimations of reserves for future policy benefits. As a result, Standard Life Aberdeen's actual future financial condition, performance and results may differ materially from the plans, goals, objectives and expectations set forth in the forward-looking statements. Persons receiving this presentation should not place undue reliance on forward-looking statements. Neither Standard Life Aberdeen nor its affiliates assume any obligation to update or correct any of the forward-looking statements contained in this presentation or any other forward-looking statements it or they may make (whether as a result of new information, future events or otherwise), except as required by law. Past performance is not an indicator of future results and the results of Standard Life Aberdeen and its affiliates in this presentation may not be indicative of, and are not an estimate, forecast or projection of, Standard Life Aberdeen's or its affiliates' future results.

Unless otherwise stated, all figures in this presentation are on a continuing operations basis and 2017 comparatives are provided on a pro forma basis as if Standard Life Group and Aberdeen had always been merged.
