14 Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action ► Non-taxable return of capital distributions to shareholders. See appendix A.

15 Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ► The total amount of non-taxable return of capital represents a reduction in shareholders' basis in their shares held. See Appendix A.

16 Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ► The taxpayer paid ordinary distributions of \$6,202,207. Of this distribution, \$467,529 or 7.54% represents a return of capital. The distribution in excess of the audited E&P for fiscal year ended October 31, 2015 is recharacterized as return of capital on ordinary income distribution made during this fiscal year. The tax basis of the shareholders' shares is decreased by the per share amount of non-taxable return of capital on the attached schedule, multiplied by the number of shares the shareholder owns. See Appendix A.
