IRA Beneficiary Distribution Form

Withholding (Purpose of Form W-4P). The IRA Account Holder must elect whether or not to have money withheld for federal income tax purposes and on what basis. You may make this election on this substitute Form W-4P or you may attach an actual Form W-4P. Unless elected otherwise, IRA distributions will have federal income tax withheld at a flat rate of 10%. You may use this form to elect to have no income tax withheld (except for payments to U.S. citizens delivered outside the U.S. or its possessions), to have 10% withheld, or to have more than 10% withheld. Check the box reflecting your choice. Generally, your election will apply to any later distributions from the same IRA. You may, however, revoke your previous exemption from withholding. Simply complete a new W-4P with your Custodian/Trustee. The payer will not send copies of Form W-4P to the IRS.

Statement of Income Tax Withheld from your Account. By January 31 of next year, you will receive a statement from your payer showing the total amount of your payments and the total income tax withheld during the year.

Exemption from Income Tax Withholding. The election to be exempt from income tax withholding does not apply to any periodic payment or non-periodic distribution that is delivered outside the U.S. or its possessions to a U.S. citizen or resident alien. Other recipients who have these payments delivered outside the U.S. or its possessions can elect exemption only if an individual certifies to the payer that the individual is not: (1) a U.S. citizen or resident alien, or (2) an individual to whom Section 877 of the Internal Revenue Code applies (concerning expatriation to avoid tax). The certification can be made in a statement to the payer under penalties of perjury.

For more information, please see Publication 505, Tax Withholding and Estimated Tax, available from most IRS offices or via the Internet at irs.gov.

Caution: Remember that there are penalties for not paying enough tax during the year, either through withholding or estimated tax payments. New retirees, especially, should see IRS Publication 505. It explains tax requirements and penalties in detail. You may be able to avoid quarterly estimated payments by having enough tax withheld from your IRA using Form W-4P.

NOTE: A Medallion signature guarantee may be required for your distribution. A Medallion signature guarantee may be executed by a bank, a broker-dealer, a credit union, a national securities exchange or a savings association. A guarantee by a notary public is not acceptable. The authorized officer who guarantees the signature must sign in capacity and the words "signature guaranteed" must appear with the required stamp.
