

Statement of Corporate Governance for the year ended 30 June 2018

20 September 2018

Murray Income Trust PLC (the "Company") is committed to high standards of corporate governance. The Board is accountable to the Company's shareholders for good governance and, as required by the Listing Rules of the UK Listing Authority, this statement describes how the Company has applied the principles identified in the UK Corporate Governance Code (the "UK Code"), published in April 2016 which is effective for the Company's years ended on or after 30 June 2017. The UK Code is available on the Financial Reporting Council's website: frc.org.uk.

The Board has also considered the principles and recommendations of the AIC Code of Corporate Governance as published in July 2016 (the "AIC Code") by reference to the AIC Corporate Governance Guide for Investment Companies (the "AIC Guide"). The AIC Code, as explained by the AIC Guide, addresses all the principles set out in the UK Code, as well as setting out additional principles and recommendations on issues which are of specific relevance to investment trusts. Both the AIC Code and the AIC Guide are available on the AIC's website: theaic.co.uk. The Board considers that reporting against the principles and recommendations of the AIC Code, and by reference to the AIC Guide (which incorporates the UK Code), provides better information to shareholders.

The Board confirms that, during the year, the Company complied with the recommendations of the AIC Code and the relevant provisions of the UK Code, except as set out below. The UK Code includes provisions relating to:

- the role of the chief executive (A.1.2);
- executive directors' remuneration (D.1.1 and D.1.2);
- and the need for an internal audit function (C.3.6).

For the reasons set out in the AIC Guide, and as explained in the UK Code, the Board considers that these provisions are not relevant to the position of the Company, being an externally-managed investment company. In particular, all of the Company's day-to-day management and administrative functions are outsourced to third parties and, as a result, the Company has no executive directors, employees or internal operations. The Company has therefore not reported further in respect of these provisions.

	AIC Code Principle	How the Principles are Applied
THE BOARD		
1	The Chairman should be independent	<p>Neil Rogan has served as a Director since 26 November 2013 and was appointed Chairman at the Annual General Meeting ("AGM") on 6 November 2017, in succession to Neil Honebon.</p> <p>Led by David Woods, the Senior Independent Director, the other Directors formally review the performance of the Chairman each year and are satisfied that Neil Rogan provides appropriate leadership and possesses the relevant skills and experience to fulfil the role of Chairman.</p> <p>The other Directors have reviewed the Chairman's other commitments, as set out in his biography in the Governance section of the Annual Report for the year ended 30 June 2018 ("the</p>

		<p>Annual Report”), and are satisfied that the Chairman remains capable of devoting sufficient time to the effective running of the Company. Other than his appointment as chairman of Invesco Asia Trust PLC in July 2018, there have been no significant changes to the Chairman’s other commitments since his appointment as Chairman.</p> <p>The UK Code states that a test of independence applies on the appointment of the Chairman. The other Directors are satisfied that Mr Rogan was independent on appointment and continued to remain independent, in their view, during the year ended 30 June 2018, as he has served as a Director for less than nine years and remains free of any relationship, including with the Manager, which could materially interfere with the exercise of his judgement on issues of the Company’s strategy, performance, resources and standards of conduct.</p>
<p>2</p>	<p>A majority of the Board should be independent of the Manager</p>	<p>The Board comprised either five or six non-executive Directors throughout the year ended 30 June 2018.</p> <p>The independence of the Directors is reviewed annually. Under the Listing Rules, a director is not considered independent if he or she serves on the board of more than one investment trust managed by the same group. On 14 August 2017 the Manager’s parent company Aberdeen Asset Management PLC merged with Standard Life plc, the parent company of Standard Life Investments (Corporate Funds) Limited (“SLI” and “Merger” respectively) which also manages investment companies. At that time, both David Woods and Mike Balfour were directors of investment companies managed by SLI at the time of the merger. Since the merger, as referred to below, David Woods has retired from the board of Standard Life UK Smaller Companies Trust plc (“SLSC”) and Mike Balfour has stepped down as a director of the Company. Notwithstanding Messrs Woods’ and Balfour’s appointments, a majority of the Directors were independent of the Manager and free of any material relationship which could interfere with the exercise of their independent judgement on issues of strategy, performance, resources and standards of conduct.</p> <p>Accordingly, the Directors’ consider that there was a majority of independent Directors throughout the year.</p> <p>The UK Code states that the test of independence also applies on the appointment of the Senior Independent Director (“SID”). Mr Woods stepped back from the role of SID with effect from 14 August 2017, as referred to above. However, given that Mr Woods resigned as a director of SLSC on 26 October 2017, the Board determined that Mr Woods should resume his role as SID with effect from that date.</p> <p>The names and biographies of each of the Directors are included in</p>

		<p>the Governance Section of the Annual Report.</p> <p>There is a procedure for Directors to take independent professional advice, if necessary, at the Company's expense.</p>
3	<p>Directors should be submitted for re-election at regular intervals. Nomination for re-election should not be assumed but be based on disclosed procedures and continued satisfactory performance</p>	<p>Under the Company's Articles of Association new Directors stand for election at the first AGM following their appointment and thereafter all Directors are required to submit themselves for re-election at every third AGM. Notwithstanding this, the Board has agreed that all Directors shall retire and, if eligible, stand for re-election at each AGM. David Woods has indicated that he will not be standing for re-election at the AGM; he will be succeeded as Senior Independent Director by Jean Park.</p> <p>Recommendation for election or re-election at the AGM is based on the continuing effectiveness of each Director. There is an annual performance evaluation.</p> <p>The Nomination Committee has reviewed each Director's other commitments, as set out in their biography in the Governance section of the Annual Report, and are satisfied that each other Director is capable of devoting sufficient time to the effective running of the Company. The continuing independent and objective judgement of the Directors is assessed and confirmed.</p> <p>Each Director has the requisite high level and range of business and financial experience which enables the Board to provide clear and effective leadership and proper stewardship of the Company and the other Directors recommend that shareholders support the individual election of each of Stephanie Eastment and Peter Tait as Directors and the individual re-election of each of Donald Cameron, Jean Park and Neil Rogan as Directors.</p>
4	<p>The Board should have a policy on tenure, which is disclosed in the Annual Report</p>	<p>There is no pre-set criterion for retirement based on length of service as the Board takes the view that independence of individual Directors is not compromised by length of tenure and that experience can add significantly to the Board's strength. The Board believes that recommendation for re-election should be on an individual basis following a rigorous review which assesses the contribution made by the Director concerned.</p> <p>The Nomination Committee reviews the composition of the Board on an annual basis. As stated above under section 3, all Directors are required to submit themselves for re-election at the first AGM after their appointment, the third AGM after the AGM at which he/she was last elected and then Directors serving longer than nine years are subject to annual re-election but the Board has determined that all Directors shall retire and seek annual re-election. The Nomination Committee has adopted a succession plan which provides for the orderly refreshment of Directors.</p>

<p>5</p>	<p>There should be full disclosure of information about the Board</p>	<p>The names and biographies of each of the Directors are shown in the Governance section of the Annual Report and indicate their range of investment, industrial, commercial and professional experience as well as length of service.</p> <p>Detailed information on the Audit Committee, chaired by Jean Park, and comprising all of the Directors, may be found in the Audit Committee's report within the Annual Report. Stephanie Eastment will be appointed Chairman of the Audit Committee, in succession to Jean Park, at the AGM. In addition, in line with the new UK Corporate Governance Code announced in July 2018, Mr Rogan will cease to be a member of the Audit Committee with effect from the conclusion of the AGM.</p> <p>Brief information on the constitution of the other Committees appointed by the Board (Management Engagement; Nomination; Remuneration) is included within the Directors' Report within the latest Annual Report while further details are included in the other sections of this statement, where relevant.</p> <p>The terms of reference of the Board Committees, which define the responsibilities and duties of each Committee, are available on the Company's website, or upon request from the Company. The terms of reference for each of the Committees are reviewed and re-assessed by the Board for their adequacy on an ongoing basis.</p>
<p>6</p>	<p>The Board should aim to have a balance of skills, experience, length of service and knowledge of the Company</p>	<p>A list of skills and expertise required by the Board has been agreed by the Board and is kept under review.</p> <p>Potential new Directors are identified against the requirements of the Company's business and the need to have a balance of skills, experience, independence, diversity, and knowledge of the Company within the Board. Appointments are made on merit, taking into account the benefits of diversity, including gender. However, the Board's overriding priority is to appoint the most appropriate candidates, regardless of gender or other forms of diversity. The Board has therefore not set any measurable targets in relation to the diversity of the Board. The appointments process is overseen by the Nomination Committee.</p> <p>During the year, Peter Tait and Stephanie Eastment were appointed as Directors following a search process undertaken by an independent consultancy, Nurole Limited, which has no other connection to either the Company or its Directors.</p>
<p>7</p>	<p>The Board should undertake a formal and rigorous annual</p>	<p>The Board has undertaken a performance evaluation process by means of an annual questionnaire. The Chairman reviews the responses and addresses any matters arising; an evaluation of the</p>

	evaluation of its own performance and that of its committees and individual Directors	Chairman is led by the Senior Independent Director, in the absence of the Chairman, prior to a meeting where the outcome is discussed.
8	Directors' remuneration should reflect their duties, responsibilities and the value of their time spent	<p>Directors' remuneration is determined by the Remuneration Committee, which was chaired throughout the year by David Woods. Jean Park will be appointed as Chairman of the Remuneration Committee, in succession to David Woods, at the AGM.</p> <p>The Board's policy is that the remuneration of non-executive Directors should be sufficient to attract Directors of the quality required to run the Company successfully. The remuneration should also reflect the nature of the Directors' duties, responsibilities, the value of their time spent and be fair and comparable to that of other investment trusts with a similar size, capital structure and investment objective.</p> <p>Detailed information on the remuneration arrangements for the Directors, including the Remuneration Policy, can be found in the Directors' Remuneration Report in the Annual Report.</p> <p>A resolution seeking approval of the Directors' Remuneration Policy was last put to shareholders at the AGM in 2017 and will be put to shareholders next at the AGM in 2020.</p>
9	The independent Directors should take the lead in the appointment of new Directors and the process should be disclosed in the Annual Report	The Nomination Committee, chaired by Neil Honebon until 6 November 2017, and by Neil Rogan thereafter, consists of all the Directors and is responsible for succession planning and Board appointments. The Committee considers the criteria for future Board appointments and the methods of recruitment, selection and appointment, including whether to engage the services of an external recruitment provider.
10	Directors should be offered relevant training and induction	<p>Newly appointed Directors are provided with a full induction programme by the Manager.</p> <p>On an ongoing basis, Directors are given key information on the Company's regulatory and statutory requirements as they arise, and every Director is entitled to receive appropriate training as deemed necessary, in consultation with the Chairman.</p>
11	The Chairman (and the Board) should be brought into the process of structuring a new launch at an early stage	This principle does not apply to the Company as it is a long established investment company.

BOARD MEETINGS AND RELATIONS WITH THE MANAGER		
12	Boards and Managers should operate in a supportive, co-operative and open environment	<p>There were five scheduled Board meetings during the year, when representatives of the Manager formally reported to the Board, and a record of Directors' attendance is included in the Directors' Report within the Annual Report. There were also four ad hoc Board meetings during the year.</p> <p>The Board meets more frequently when business needs require. Representatives of the Manager and the corporate Company Secretary attend each Board meeting as well as certain committee meetings.</p> <p>The Board maintains regular contact with the Company Secretary and Manager between meetings. The Directors have access to the advice and services of the corporate Company Secretary through its appointed representatives, who are responsible to the Board:</p> <ul style="list-style-type: none"> • for ensuring that Board procedures are complied with; • under the direction of the Chairman, for ensuring good information flows with the Board and its Committees, as well as facilitating induction and assisting with professional development as required; and • for advising through the Chairman on all corporate governance matters. <p>The Chairman encourages open and constructive debate to foster a supportive and co-operative approach for its own meetings and for those with the Manager. There is a clear division of responsibility between the Chairman, the Directors, the Manager and the Company's other third party service providers. No one individual has unfettered powers of decision.</p>
13	The primary focus at regular Board meetings should be a review of investment performance and associated matters, such as gearing, asset allocation, investor relations, peer group information and industry issues	<p>The Chairman is responsible for leading the Board, ensuring its effectiveness on all aspects of its role, and is responsible for ensuring that all Directors receive accurate, timely and clear information to allow Directors to discharge their responsibilities. Directors are provided with a comprehensive set of papers giving detailed information on the Company's transactions and financial position prior to each meeting.</p> <p>The Board has a schedule of matters reserved to it for decision, and the requirement for Board approval on these matters is communicated directly to the senior staff of the Manager. These matters include the following:</p> <ul style="list-style-type: none"> • the maintenance of clear investment objectives and risk management policies; • the monitoring of the business activities of the Company, ranging from analysis of investment performance to annual budgeting and quarterly forecasting and variance analysis;

		<ul style="list-style-type: none"> • approval of the half-yearly and annual Financial Statements, and approval and recommendation of the interim dividends, and final dividend, respectively; • setting the range of gearing within which the Manager may operate; • major changes relating to the Company's structure, including share buy-backs and share issuance; • Board appointments and removals and the related terms; • appointment and removal of the Manager and the terms and conditions of the management and other agreements relating thereto; • terms of reference and membership of Board Committees; and • Stock Exchange/UK Listing Authority/Financial Conduct Authority – approval of all circulars, prospectuses and listing particulars, and approval of all releases concerning matters decided by the Board. <p>The Board sets the investment parameters within which the Manager operates. Investment performance and associated matters, such as gearing, asset allocation, investor relations, peer group information and industry issues are agenda items at each Board meeting. Representatives of the Manager attend Board meetings where performance against the Company's investment objectives, portfolio risk and attribution analysis is reviewed.</p>
14	Boards should give sufficient attention to overall strategy	The Board devotes a separate session each year to review of the Company's strategy, including the means of achieving the investment objective and investment policy, together with the promotional and shareholder communication strategies implemented by the Manager.
15	The Board should regularly review both the performance of, and contractual arrangements with, the Manager.	<p>The Management Engagement Committee, chaired by Neil Honebon until 6 November 2017 and by Neil Rogan thereafter, reviews, on an annual basis, the terms and conditions of the Manager's appointment, including an evaluation of performance and fees. The Committee also keeps the resources of the Manager under review, together with the commitment of the Manager to the Company and its investment trust business.</p> <p>The Management Agreement("MA") was entered into in July 2014 after full and proper consideration by the Board of the quality and cost of services offered including the financial control systems in operation in so far as they relate to the affairs of the Company.</p> <p>On 12 September 2017, a side-letter to the MA was agreed between the Company and Manager by which the fees payable by the Company were reduced.</p>
16	The Board should agree policies with the Manager covering key operational issues	The MA includes investment guidelines and sets policies to cover key operational issues. The Board discusses operational matters regularly with the Manager, including corporate governance and voting in respect of portfolio holdings. The Board has delegated

		<p>discretion to the Manager to exercise voting powers on its behalf but reviews the Manager's policy in this respect.</p> <p>The Board also reviews the financial statements, performance and revenue budgets.</p>
17	<p>Boards should monitor the level of the share price discount or premium (if any) and, if desirable, take action to reduce it</p>	<p>The share price and NAV per share are published to the London Stock Exchange each business day and monitored on the Board's behalf. The Board considers the discount to NAV of the Company's share price at every Board meeting, and more frequently if circumstances demand. The Board may use share repurchases to help address perceived imbalances in the demand for the Company's shares. The Company has taken powers to issue new shares and repurchase shares so that it may take action where necessary. Any issue or repurchase programme is considered by the Board in consultation with the Manager, taking account of:</p> <ul style="list-style-type: none"> • the investment mandate and objective; • the effectiveness of promotion and shareholder communication strategies; • measures of investor sentiment; and • the number and position of comparable trusts in the Company's peer group.
18	<p>The Board should monitor and evaluate other service providers</p>	<p>The Management Engagement Committee conducts an annual review of the performance, terms and conditions of the Company's main third party suppliers, including the level and structure of fees payable and the length of notice periods, to ensure that they remain competitive and in the best interests of shareholders. The Board assesses their performance based on reports by such third party providers to the Board. The Manager also reports regularly on its evaluation and monitoring of certain third party service providers.</p> <p>The Audit Committee monitors and reviews the auditor's independence, objectivity, effectiveness, resources and qualification.</p>
<p>SHAREHOLDER COMMUNICATIONS</p>		
19	<p>The Board should regularly monitor the shareholder profile of the Company and put in place a system for canvassing shareholder views and for communicating the Board's view to shareholders</p>	<p>The Directors place a great deal of importance on communication with shareholders.</p> <p>Regular reports are submitted to the Board by the Manager and the Company's broker. A regular dialogue is maintained with the Company's institutional shareholders and private client asset managers. Representatives of the Board and the Manager meet with shareholders, if requested, to understand their issues and concerns which are then discussed at Board meetings. All shareholders are encouraged to attend the AGM where they are given the opportunity to question the Chairman and the Board.</p>

<p>20</p>	<p>The Board should normally take responsibility for, and have direct involvement in, the content of communications regarding major corporate issues even if the Manager is asked to act as spokesman</p>	<p>The Board's policy is to communicate directly with shareholders and their representative bodies without the involvement of the management group (either the Company Secretary or the Manager) in situations where direct communication is required, and representatives from the Board meet with major shareholders on an annual basis in order to gauge their views.</p> <p>In addition, the Company Secretary only acts on behalf of the Board, not the Manager, and there is no filtering of communication. At each Board Meeting the Board receives details of any communication from shareholders to which the Chairman responds personally as appropriate.</p>
<p>21</p>	<p>The Board should ensure that shareholders are provided with sufficient information for them to understand the risk/reward balance to which they are exposed by holding the shares</p>	<p>The Company's investment objective and investment policy are published in the Annual Report and on its website.</p> <p>The Board agrees a budget with the Manager every year for the Company's participation in the Aberdeen Standard investment trust promotional programme.</p> <p>The Company aims to provide shareholders with a full understanding of the Company's activities and performance by means of informative Annual and Half Yearly reports.</p> <p>The Company's website, murray-income.co.uk, is maintained by the Manager and provides access to up-to-date information on the Company. It is regularly updated with the Manager's monthly factsheets and enables investors to view the Company's Financial Reports and London Stock Exchange announcements and other information on portfolio assets and performance. A full list of the Company's investments is available on the website for the latest month end, subject to a one month delay.</p> <p>Further details on the Company's principal risks and uncertainties are set out in the Strategic Report in the Annual Report and also included in the Manager's monthly factsheets and in the Company's Pre-Investment Disclosure Document, all of which are available on the Company's website.</p> <p>The Manager publishes a key information document in relation to the Company that is hosted on its website www/invtrusts.co.uk</p>
